Outline of Research	We are conducting a project about the daily experiences of siblings who have a brother or sister with a disability. This project will help us collect information about how we can best support siblings. What will you be asked to do? You will be asked to complete a survey about your experiences as a sibling of a child with a disability. It will take approximately 20 minutes to complete. Your involvement is voluntary and anonymous. This means you can you can drop out at anytime and it will not be possible to identify you in the project. How to get involved? If you are a sibling between the ages of 11-17 who has brother or sister to a child with a disability, and would like to participate, please contact: Belinda Minett Email: s3079153@student.rmit.edu.au OR Aparna Kapoor Email: s3202374@student.rmit.edu.au
